# Memorandum

TO : Director of Training

DATE: 19 June 1970

FROM : Chief, Career Training Program

SUBJECT: Weekly Activities Report

25X1A9a 1. Mr. [REDACTED] detail to one of the CS Personnel Review Boards apparently has been cancelled and he will remain on full-time duty with CTP for the commencement of the July Class.

25X1A9a 2. I had a discussion today with [REDACTED] Chief of the Assessment Branch, Psychological Services Staff/OMS concerning delays in their providing us with professional applicant test results and psychological assessments. Instead of providing such reports within two weeks of the test or assessment, as agreed upon last year, PSS has been taking up to four and five weeks to write and deliver them. This has, in some instances, caused damaging delays in processing CT applicants. 25X1A9a [REDACTED] has agreed to review his Staff's work with an eye toward improving its responsiveness to our needs.
